Dear Ms. Vacca:

This is in response to your letter of May 11, 1981 discussing our options on License No. SNM-1375.

I have taken these proposals to our Radiation Safety Committee. The Committee has advised me to continue our License No. SNM-1375 as is and continue to abide by the conditions stated.

Thank you for your assistance.

Sincerely,

Gregory H. Trovato,
Radiology Administrator
