Commonwealth Edison Company  
ATTN. Mr. Cordell Reed  
Vice President  
Post Office Box 767

Gentlemen:

Thank you for your letter of July 9, 1981, which concerned the performance of Grundy County's local emergency response organization as demonstrated in the October and December, 1980, exercises at Dresden and LaSalle and the delayed critique by FEMA. We consider your concerns worthwhile, and we will work closely with FEMA to ensure a more timely critique and identification of significant problems for future exercises involving Commonwealth Edison reactor sites.

Sincerely,

*12/A. Bud Davis/jg*
