Mr. Gale K. Hovey  
 Vice President and  
 Director of TMI-2  
 Metropolitan Edison Company  
 P.O. Box 480  
 Middletown, Pennsylvania 17057

Dear Mr. Hovey:

My letter to you dated March 20, 1981, indicated the acceptability of the TMI-2 Recovery QA Plan with two exceptions. The first exception was that a listing of the structures, systems, and components under the controls of the plan had not been submitted. The second exception had to do with your commitment to Regulatory Guide 1.146 and Revision 1 to Regulatory Guide 1.58 dated September 1980.

As indicated in my letter of June 29, 1981, your response of April 24, 1981 to the second exception is acceptable provided the next revision to your Recovery QA Plan references the September 1980 issue of Revision 1 to Regulatory Guide 1.58 rather than the preliminary July 1979 issue. Therefore, we believe this issue should be considered closed.

Your letter of June 22, 1981 (LL2-81-0166) responded to the first exception and provided a list of the structures, systems, and components under the controls of the Recovery QA Plan. Therefore, this issue should also be considered closed, and there are no items remaining open regarding the TMI-2 Recovery QA Plan.

Sincerely,

Bernard J. Snyder, Program Director  
 TMI Program Office  
 Office of Nuclear Reactor Regulation
