Re: Cherne Contracting Corporation application for transporting Ir192 sources between field sites dated May 8, 1981. QAC376

Dear Mr. MacDonald:

In response to your letter 71-0451 dated June 24, 1981 and a telephone conversation between your Mr. Gordon and our Mr. Jergens on July 2 and July 7, 1981, please find attached seven(7) copies of the revised Cherne Contracting Corporation QA Program for Transportation of Radioactive Materials.

In addition, Cherne Contracting Corporation requests that it be registered as a user of the following radioactive exposure devices, source changers and overpacks in accordance with 10CFR 71.12(b):

- | | |
|---|-----------------------|
| (1) Gamma Industries
Overpack USA/6717/B | NRC Certificate #6717 |
| (2) Magnaflux Exposure Device
Model 1C-10C | NRC Certificate #9110 |
| (3) Tech-Ops Exposure Device
Model 660 | NRC Certificate #9033 |
| (4) Tech-Ops Source Changer
Model 650 | NRC Certificate #9032 |

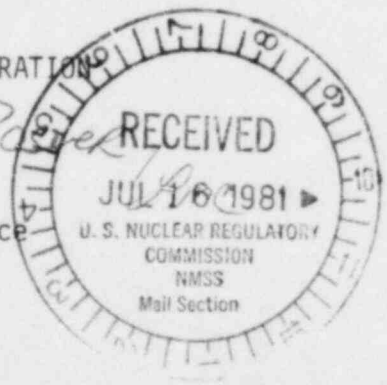

Should you have any additional questions regarding this application or registration, please feel free to contact myself at (612) 944-2650 or Mr. Craig Jergens at (812) 293-4401.

Sincerely,

CHERNE CONTRACTING CORPORATION
