In Re: License No. 35-19471-01
Docket No. 30-17739

Dear Mr. Brown:

As per your written request of June 23, 1981 we have listed the additional information concerning our violations below:

1. a. In correspondence with Mr. Paul Guinn (Nuclear Materials Licensing Branch, Washington, D. C.) April 22, 1981 we requested a change in our materials license to allow Pat Webb and qualified operators to use licensed material. Mr. Guinn assured us that this written request was sufficient.
- b. To prevent further violation we have paid the amendment fee and filed for amendment to allow only qualified operators to use licensed material (qualified as stated in our application for license and in our radiation safety manual).
- c. Full compliance achieved July 3, 1981 (upon receipt of duly processed amendment).
2. a. We have on file the record of the leak tests dated September 26, 1980.
- b. Copies of all leak tests taken are being kept in a locked file for inspection by the Commission.
- c. Full compliance achieved April 10, 1981.

3. a. A record system has been established for both surveys, at regular 6 month intervals they will be calibrated. The records contain the reading 150 mc, name of surveyor, date, instrument, type of source, and serial number.
- b. These records will be reviewed by our radiation safety officer on a 6 month interval basis.
- c. These records were begun April 13, 1981.
4. a. TLD Badges and services have been set up with Nuclear Sources and Services out of Houston, Texas.
- b. Four badges were issued to employees working with the source and will be maintained and records kept of all and any transactions concerning the badges.
- c. These records and TLS Badge service were begun on June 10, 1981.
5. a. We filed the document upon receipt October 1, 1980. The record is currently being maintained.
- b. The posting has been placed in a locked file to prevent misplacement and for inspection by the Commission.
- c. Full compliance achieved April 9, 1981.

I certify that all information contained in this letter, including any supplements attached thereto, is true and correct to the best of my knowledge and belief.
