Pittsburgh-Des Moines Steel Company  
ATTN: Steve Wilde, Division QA Manager  
580 East 600 South  
Provo, UT 84601

Gentlemen:

This refers to the safety inspection conducted by Mr. D. B. Spitzberg of this office on June 15-16, 1981, of the activities authorized by NRC Byproduct Material License 04-02289-04 and to the discussion of our findings held by the inspector with members of your staff at the conclusion of the inspection.

The inspection was an examination of the activities conducted under the license as they relate to radiation safety and to compliance with the Commission's rules and regulations, and the conditions of the license. The inspection consisted of selective examinations of procedures and representative records, interviews of personnel, independent measurements and observations by the inspector.

During this inspection certain of your activities were found not to be conducted in full compliance with NRC requirements. Consequently, you are required to respond to this matter in writing in accordance with the provisions of Section 2.201 of the NRC "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Your response should be based on the specifics contained in the Notice of Violation attached to this letter, and the last paragraph of your letter should include a statement equivalent to the following:

"I certify that all information contained in this letter, including any supplements attached thereto, is true and correct to the best of my knowledge and belief."

In addition, we are concerned about the implementation of your program for management control of your licensed activities that permitted these violations to occur. Consequently, in your reply you should describe, in particular, those actions taken or planned to improve the effectiveness of your management control of the requirements of your license.

Should you have any questions concerning this letter, we will be pleased to discuss them with you.

Sincerely,

(S)

John T. Collins  
Deputy Director
