Hi Randy,

See attached PDFs... I looked at the syllabus from the class and "*Sealed Sources in Medicine, Blood Bank Irradiators, Leak Tests*" was one of our modules.

In addition I have worked with self-shielded HDR units at both Yale-New Haven Hospital (Jun 2011 to present) and at my prior institution University of Michigan Hospital (Jun 2009 – Jun 2011).

Let me know if you need anything else.

Best,

-Neil-
