

DEPARTMENT OF THE NAVY
COMMANDING OFFICER

U.S.S. SIERRA AD-18
FPO MIAMI 34084

AD18/031:rb
9090
Ser 188
17 April 1981

From: Commanding Officer, USS SIERRA (AD-18)
To: The United States Nuclear Regulatory Commission Transportation
Certification Branch
Division of Fuel Cycle and Material Safety, NMSS
ATTN: Charles E. McDonald

Subj: USS SIERRA (AD-18) Quality Assurance Program for the packing and shipment
of Radiographic Sources.

Ref: (a) Phonecon USS SIERRA (CDR BRYANT)/NRC Transportation Certification
Branch (Mr. Leonard GORDON) of 8 April 1981.

Encl: (1) USS SIERRA Instruction 4033.1C

1. As agreed in reference (a), USS SIERRA Instruction 4033.1B has been revised and superseded by USS SIERRA's Instruction 4033.1C (copy enclosed). The new instruction 4033.1C is submitted as USS SIERRA's commitment to a Quality Assurance Program for packing and shipment of radiographic sources as required by 10 CFR part 71. This commitment was previously contained in USS SIERRA Instruction 4855.1B.
