Gentlemen:

This letter concerns your proposal to modify the Protected Area - Material Access Area Entry/Exit Control Points as reflected in Drawing #2 dated 5/8/81 of your Upgraded Physical Protection Plan. Responding to the June 11, 1981 telephone request from your Mr. Gustafson to Mr. Rentschler of the NRC staff we have reviewed the proposed modification and find that the proposed structural modifications form an acceptable basis for meeting the relevant performance capabilities of the Upgrade Rule.

Sincerely,

"Original Signed by G. W. McCorkle"
