In the Matter of
 The Regents of the University of California
 (UCLA Research Reactor)
 Docket No. 50-142
(Proposed Renewal of Facility License)

Dear Administrative Judges:

Because of extensive editorial corrections necessary to the previously published SER for the UCLA licensing action, the Staff has issued a revised edition of the SER containing the corrections (identified by a vertical line in the margin), in the belief a corrected edition would be more convenient for use rather than correcting the original SER with an extensive errata sheet. Therefore, I am today serving the Board and parties the corrected SER as well as a sheet noting the pages upon which changes have been made.

Sincerely,

Colleen P. Woodhead
 Counsel for NRC Staff
