### A REASONABLE COMPROMISE SOLUTION

#### CONVERT DIABLO CANYON

- 
- 
- 
- 

(3 U.S. Nuclear Plants Have Been Converted)

A "Nuclear" Diablo is unacceptable to me.

Diablo's projected life-span of 35 years is not reasonable when considering the risks associated with the plant's location (3 miles from the active Hosgri Fault), nuclear waste disposal problems, and inadequate evacuation routes.

I support the blocade if a license is granted.

*I strongly oppose the opening of Diablo Canyon. The risks are far too great. I support the proposal that the plant be converted to another fuel source. I support the blockade if the license is granted.* Elaine E. Holder
