A REASONABLE COMPROMISE SOLUTION

CONVERT DIABLO CANYON

(3 U.S. Nuclear Plants Have Been Converted)

A "Nuclear" Diablo is unacceptable to me.

Diablo's projected life-span of 35 years is not reasonable when considering the risks associated with the plant's location (3 miles from the active Hosgri Fault), nuclear waste disposal problems, and inadequate evacuation routes.

I support the blockade if a license is granted.

A REASONABLE COMPROMISE SOLUTION

CONVERT DIABLO CANYON

(3 U.S. Nuclear Plants Have Been Converted)

A "Nuclear" Diablo is unacceptable to me.

Diablo's projected life-span of 35 years is not reasonable when considering the risks associated with the plant's location (3 miles from the active Hosgri Fault), nuclear waste disposal problems, and inadequate evacuation routes.

I support the blockade if a license is granted.
