Re: Millstone Nuclear Power
Station, Unit No. 3, Docket
No. 50-423

Dear Mr. Fabrikant:

I am enclosing a June 10, 1981 letter to the Commission from the Northeast Nuclear Energy Company on behalf of all current participants in the above facility, advising that Public Service Company of New Hampshire has requested the Commission to approve the transfer of an ownership share of 1.7391% (20 MW) to the Connecticut Municipal Electric Energy Cooperative (CMEEC).

Since CMEEC and its present participants have electrical generating capacity of less than 200 MW(e), it is not required to submit the antitrust information set forth in Appendix L to 10 C.F.R. Part 50.

Accordingly, this is being brought to your attention for your information.

Sincerely,

Joseph Rutberg
