Proposed Change

Replace pages 190, 191, 192, 194, 195, 196, 197, 198 and 206 of the Vermont Yankee Technical Specifications to reflect the proposed organizational structure of the Vermont Yankee Nuclear Power Station. This submittal also reflects changes in the Vermont Yankee corporate structure brought about as a result of the recent appointment of the former Vice President and Manager of Operations to the position of President and Chief Operating Officer.

Reason for Change

The proposed change addresses a change in the titles of the Plant Superintendent and Assistant Plant Superintendent to the Plant Manager and Assistant Plant Manager respectively, the creation of Operations Superintendent and Technical Services Superintendent positions and updates page 194, Section 6.7.A.1 Plant Operations Review Committee membership.

Safety Considerations

This proposed change is administrative in nature.

This proposed change has been reviewed by the Vermont Yankee Nuclear Safety Audit and Review Committee.
