Mr. Harold Denton  
Director of Nuclear Reactor Regulation  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Subject: Implementation of Guard Training and Qualification Plan for LaSalle  
County Station - Docket Nos. 50-373 and 50-374

Reference: B. J. Youngblood letter to J. S. Abel, dated December 15, 1980

Dear Mr. Denton:

Recent informal communication with various members of the NMSS and Region III staff has indicated that the implementation schedule for the Guard Training and Qualification Plan must be different from that described in the referenced letter.

In order to comply with this new guidance, the LaSalle County Station Guard Training and Qualification Plan will be fully implemented and all guards at LaSalle Station trained under its provisions by January 31, 1982.

Sincerely,

Louis O. Del George  
Director  
Nuclear Licensing
