Appendix A

NOTICE OF VIOLATION

Department of Interior
U.S. Fish & Wildlife Service

License No. 24-12728-01

As a result of the inspection conducted on July 15, 1981, and in accordance with the Interim Enforcement Policy, 45 FR 66754 (October 7, 1980), the following violation was identified:

10 CFR 20.203(e) requires that a room in which licensed material is used or stored shall be posted with a sign bearing the radiation caution symbol and the words, "Caution Radioactive Material."

Contrary to this requirement, it was observed at the time of the inspection that the licensee failed to post a "Caution Radioactive Material" sign on the radioactive waste storage area.

This is a Severity Level VI violation (Supplement IV).

Pursuant to the provisions of 10 CFR 2.201, you are required to submit to this office within thirty days of the date of this Notice a written statement or explanation in reply, including for each item of noncompliance: (1) corrective action taken and the results achieved; (2) corrective action to be taken to avoid further noncompliance; and (3) the date when full compliance will be achieved. Under the authority of Section 182 of the Atomic Energy Act of 1954, as amended, this response shall be submitted under oath or affirmation. Consideration may be given to extending your response time for good cause shown.
