Docket No. 50-289

Dear Administrative Judges:

In response to the Licensing Board's "Memorandum to NRC Staff" of August 3, 1981 concerning irregularities observed in the written examination responses of certain individuals sitting for the Senior Reactor Operator examinations in April 1981, please be advised that the two individuals involved were, at the time, licensed Senior Reactor Operators. As indicated in the Board Notification of August 6, 1981 (BN-81-17A), those two individuals served at the level of Shift Supervisor. The Licensee has terminated the employment of one of the individuals and the other has resigned.

Sincerely,
