Dear Sir:

Three Mile Island Nuclear Station, Unit 1 (TMI-1)
Operating License No. DPR-50
Docket No. 50-289
IE Bulletin 79-01B
Qualification of IE Equipment
Reference Met-Ed letter LIL 202, dated July 2, 1981

In the above referenced letter, which formed a major portion of our response to IE Bulletin 79-01B, we indicated that many of the data sheets submitted as an attachment would be updated and a more specific equipment qualification report would be submitted by July 20, 1981. However, due to the volume of the changed pages and the necessary internal review, these items will instead be forwarded by August 31, 1981.

We trust that this unforeseen delay will not pose any substantial problems.

Sincerely,

H. D. Hukill
Director, TMI-1
