Docket No. 50-483

Union Electric Company  
ATTN: Mr. John K. Bryan  
Vice President - Nuclear  
Post Office Box 149  
St. Louis, MO 63166

Gentlemen:

Thank you for your letter dated July 24, 1981, in response to our letter of June 24, 1981, reporting the results of our inspection on May 5-7, 1981, as detailed in Inspection Report No. 50-483/81-10.

It is our understanding from discussions between Mr. R. C. Knop and Mr. J. V. Laux on July 24, 1981, and between Mr. J. D. Smith and Mr. J. V. Laux on August 7, 1981, that the majority of the items in the Notice of Violation forwarded by our letter of June 24, 1981, have been corrected.

You are requested, within one week of receipt of this letter, to formally submit the details of these corrective actions as required by the Notice of Violation. In addition, please describe your plans for reorganizing your inspection program and your schedule for completing the reorganization so we can establish a realistic extension for your response to those Notice of Violation items so affected.

Your cooperation with us is appreciated.

Sincerely,

R. L. Spessard, Director  
Division of Resident and  
Project Inspection
