

Appendix A

NOTICE OF VIOLATION

Mobile Medical Services

License No. 24-18094-01

As a result of the inspection conducted on August 25, 1981, and in accordance with the Interim Enforcement Policy, 45 FR 66754 (October 7, 1980), the following violations were identified:

1. License Condition No. 13 requires that licensed material be possessed and used in accordance with statements, representations, and procedures contained in application dated March 24, 1978; letter received September 20, 1978; and letters dated June 23, 1978, November 10, 1978, February 21, 1979, September 4, 1979, November 18, 1979, October 7, 1980, and April 24, 1981. Letters dated April 24, 1981 and November 18, 1979, list one available survey meter at its Columbia and Kirksville, Missouri facilities with a maximum range of 25,000 mR/hr.

Contrary to the above, as of the date of this inspection, the licensee had at each facility one Atomic Products survey meter with a maximum range of 50 mR/hr.

This is a Severity Level V violation (Supplement VII).

2. License Condition No. 13 requires that licensed material be possessed and used in accordance with statements, representations, and procedures contained in application dated March 24, 1978; letter received September 20, 1978; and letters dated June 23, 1978, November 10, 1978, February 21, 1979, September 4, 1979, November 18, 1979, October 7, 1980, and April 24, 1981. Letters dated April 24, 1981, Paragraph No. 2, November 18, 1979, Paragraph No. 2, and June 23, 1978, Item No. 7, state that specific areas within the Columbia and Kirksville, Missouri laboratories will be surveyed for contamination at the end of each working day and the results documented.

Contrary to the above, as of the date of this inspection, this requirement is not being met. Specifically, daily area surveys of the hot laboratory were not performed.

This is a Severity Level V violation (Supplement VII).

Pursuant to the provisions of 10 CFR 2.201, you are required to submit to this office within thirty days of the date of this Notice a written statement or explanation in reply, including for each item of noncompliance: (1) corrective action taken and the results achieved; (2) corrective action to be

taken to avoid further noncompliance; and (3) the date when full compliance will be achieved. Under the authority of Section 182 of the Atomic Energy Act of 1954, as amended, this response shall be submitted under oath or affirmation. Consideration may be given to extending your response time for good cause shown.
