Dear Mr. DelGeorge:

The Commission has completed its review of TMI Action Plan item II.E.4.1, "Dedicated Hydrogen Penetrations," and find your designs acceptable. We have also verified that the changes have been completed for both Zion 1 and 2. In making these modifications, the requirements of Appendix J should be applied and any necessary changes made to the containment leak testing program for Unit Nos. 1 and 2.

Sincerely,

Steven A. Varga, Chief
