MEMORANDUM FOR: Dennis M. Crutchfield, Associate Director for Special Projects
Office Of Nuclear Reactor Regulation

FROM: Nemen N. Terc, Emergency Preparedness Specialist
Security and Emergency Preparedness Section
Division of Radiation Safety and Safeguards

SUBJECT: DIFFERING PROFESSIONAL OPINION ON COMANCHE PEAK

I read my original SALP input and the SALP report on Texas Utilities performance and did not find any substantial difference between the two. I believe that the SALP report honestly and accurately describes the subject matter submitted by myself for the Comanche Peak SALP.

A handwritten signature in black ink, appearing to read "Nemen N. Terc", is written over a horizontal line.
