Docket No. 030-18352

Gentlemen:

Thank you for your letters dated February 19, and March 15, 1990, informing us of the steps you are taking to correct the violations identified in our letter dated December 28, 1989.

As a result of a telephone conversation between J. R. Mullauer and B. Grunewald of your office, it is our understanding that you have discontinued the use of the bone densitometer and will be returning it to Norland Corp. It is also our understanding that you will submit an amendment request for termination of your NRC license. If our understanding of this is not correct, please notify our office.

This matter will remain open until the completed "Certificate of Disposition of Materials" form is returned to this office with your amendment request.

Your cooperation in this matter will be appreciated.

Sincerely,

Roy J. Caniano, Chief
