Dear Mr. Link:

SUBJECT: ROUTINE CHEMISTRY INSPECTION AT THE POINT BEACH NUCLEAR PLANT.

This refers to the routine safety inspection conducted by Dr. J. House of this office on February 1 through 5, 1993. The inspection included a review of authorized activities for your Point Beach facility. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the enclosed report.

Areas examined during this inspection are identified in the report. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

No violations of NRC requirements were identified during the course of this inspection.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

"Original signed by Cynthia D. Pederson"
