APPLICANTS' PROPOSED FINDINGS OF  
FACT AND CONCLUSIONS OF LAW

A. FINDINGS OF FACT.

1. Through contracts with three area hospitals and three area doctors, Applicants have made arrangements for medical services for members of the general public. The existance of those arrangements has been conveyed to the offsite agencies. (Applicants' Exhibit #51, Appendix A; Hauck, Tr 7118-19, 7123-24, Applicants' Motion to Augment Record, Attachments 3-6).

2. The emergency plans developed by the offsite agencies having the responsibility to provide medical services to persons having suffered excessive radiation include a listing of the local medical facilities that would provide necessary diagnosis and treatment. (Applicants' Motion to Augment Record; Attachment 1, County of San Diego, Emergency

Plan, Annex 5 Medical/Health, Appendix H, "Radiological Emergency/Disaster Response Procedure" and Attachment 2, Interjurisdictional Procedures to the County of Orange Incident Response Plan for San Onofre Nuclear Generating Station, Interjurisdictional Procedure #12, (Decontamination) with Attachment 7.6, Decontamination Support Hospitals.)

3. Regional medical facilities that may be of value in providing medical services on an ad hoc basis have been identified by Applicants and that information has been conveyed to offsite agencies that may have need for such facilities. (Applicants' Motion to Augment Record, Attachment 3, Letter of May 13, 1983 from Fred Massey of SCE to Ms. Carole Hopwood, Manager, Emergency Management Division, General Services Agency, County of Orange.)

B. Conclusion of Law

1. Applicants have met their burden of proof and have demonstrated a reasonable assurance that the public health and safety can and will be protected in that adequate medical services for contaminated injured persons can be provided in compliance with 10 CFR § 50.47(b)(12).

Dated: May 16, 1983.
