

CASE

(CITIZENS ASSN. FOR SOUND ENERGY)

1426 S. Polk
Dallas, Texas 75224

214/946-9446

May 13, 1983

TO: David Wade, TUSI, and Bill Brown, NRC Region IV

In accordance with recent discussions with the Applicants and the NRC Staff, we are enclosing herewith copies of the following additional CASE Exhibits which we will be using during the hearings next week for cross-examination regarding the SIT report; we would appreciate your attempting to reach a stipulation regarding authenticity of these documents to help expedite the hearings:

695

696

701

703

715

717

718

719

720

721

722 (NOTE: 722 and 723 are just some hand-drawn items which we
723 may be using to ask some questions about; we're including
726 them just for your information.)

729

732

733 (We wanted to call this particularly to the Staff's attention in
case they want to have someone testify about the report itself.)

735

736

737

739

741

751

766

767

768

769

770

828

829

830

831

832

833

834 (added to Staff's letter after receiving document from TUSI when
we delivered this letter and attachments about 3:00 P.M. 5/13/83)

We will probably also be cross-examining on some of the documents which have already been accepted into the record:

300
301
303

687
688
692
697
699
700
702
706
707
710
713

And perhaps some pertinent Staff and/or Applicant Exhibits

We haven't decided definitely which of these we will use.

We will also probably try to write up a summary of the items which have been stipulated to (from Admissions we've submitted) and introduce them as an exhibit. If we don't have time to get them written up, we may want to ask the questions on cross-examination and get them into the record. We also may want to include a similar exhibit of some of the items contained in the Staff's or the Applicants' letters where you detailed what had been done regarding each discovery request on the SIT report. (Don't know if we'll have time to do this before the hearings, but will try to and get a copy to you as soon as possible.)
