Re: Public Service Company of New Hampshire, et al.
(Seabook Station, Units 1 and 2),
Docket Nos. 50-443 and 50-444 OL

Dear Mr. Gad:

The Appeal Board for the above-styled proceeding is in receipt of your June 8, 1983 letter and its enclosures. From the certificate of service accompanying the enclosures, it would appear that you are under the impression that the Board is comprised of Messrs. Rosenthal and Edles and Dr. Gotchy. In point of fact, Howard A. Wilber, rather than Dr. Gotchy, has been assigned to the Board. See May 31, 1983 assignment notice, which I understand was served on the parties to the proceeding.

Sincerely,

Barbara A. Tompkins
