Dear Mr. Hukill:

Current schedule status of any matter affecting the restart of TMI Unit 1 needs to be provided to the Commission during the Commission's considerations regarding the restart of TMI-1.

Accordingly, we request that GPU Nuclear provide us with current TMI-1 schedules on: (1) plant hot functional testing and (2) plant readiness for criticality and power escalation testing. You should also include an identification of the schedules of items controlling restart.

Your schedule update is needed by June 13, 1983. Please provide us with updated information whenever there is a significant change in schedule status.

Sincerely,

Original signed by
Robert A. Purple
