JUN 1 4 1983

Docket No. 50-410

Niagara Mohawk Power Corporation
ATTN: Mr. Gerald K. Rhode
Senior Vice President
System Project Management
c/o Miss Catherine R. Seibert
300 Erie Boulevard, West
Syracuse, New York 13202

Gentlemen:

Subject: Management Meeting NRC Report No. 50-410/83-09

This refers to the meeting held at our request at the NRC Region I Office, King of Prussia, Pennsylvania, on May 23, 1983 relating to activities authorized by NRC License No. CPPR-112. This meeting was attended by yourself and other members of your staff and by myself and other members of the NRC staff. The subjects discussed at this meeting are included in the NRC Management Meeting Report No. 50-410/83-09, which is enclosed with this letter.

It is our view that the meeting was beneficial in clarifying our understanding of Niagara Mohawk's approach to improving contractor performance in the area of Quality Assurance/Quality Control. It was evident from our discussion, however, that a more aggressive effort is needed on your part to ensure that the ITT Grinnell Quality Assurance function is promptly and adequately staffed. As we discussed, it is our intent to meet with you again in six weeks to discuss the progress you have made in these areas.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1). The telephone notification of your intent to request withholding, or any request for an extension of the 10 day period which you believe necessary, should be made to the Supervisor, Files, Mail and Records, USNRC Region I, at (215) 337-5223.

Your cooperation with us is appreciated.

Sincerely,

Original Signed By:

Richard W. Starostecki, Director
Division of Project and Resident
Programs
