VOGTLE ELECTRIC GENERATING PLANT - UNITS 1 AND 2
APPLICATION FOR OPERATING LICENSES

Dear Mr. Denton:

Georgia Power Company, acting on its own behalf and as agent for Oglethorpe Power Corporation, Municipal Electric Authority of Georgia, and the City of Dalton, Georgia, hereby submits application for operating licenses for the Vogtle Electric Generating Plant - Units 1 and 2 (formerly named the Alvin W. Vogtle Nuclear Plant - Units 1 and 2) in accordance with 10 CFR 2.101(a) and 10 CFR 50.30(c)(3).

This submittal consists of:

- I. Three originals and ten copies of the operating license application for the Vogtle Electric Generating Plant;
- II. Fifteen sets of the final Safety Analysis Report; and
- III. Four sets of Drill Logs.

Georgia Power is submitting the FSAR earlier than originally scheduled in order to accommodate a request by Ms. Jane Grant, the former NRC Licensing Project Manager for the Vogtle Project. As stated in a letter dated October 1, 1982, to Mr. Darrell Eisenhut, the Environmental Report, the Security Plan, the Emergency Response Plan and the Anti-Trust Information are scheduled to be submitted by September 1, 1983.

Pursuant to the request of Ms. Melanie Miller, NRC Licensing Project Manager for the Vogtle Project, we are also directly forwarding two copies of the Vogtle Electric Generating Plant Final Safety Analysis Report and one set of the Drill Logs to the EG&G, Idaho, Inc.
