Docket No. 50-373

Mr. Dennis L. Farrar
 Director of Nuclear Licensing
 Commonwealth Edison Company
 P. O. Box 767
 Chicago, Illinois 60690

Dear Mr. Farrar:

Subject: Test Program for Fire Doors to Resolve License Condition
 2.C.(25)(d) of License NPF-11 for La Salle Unit 1

In Commonwealth Edison's letter dated June 15, 1983, a test program was presented for the resolution of the fire doors as required by License Condition 2.C.(25)(d) of License NPF-11 for La Salle Unit 1. In this letter it was requested that the NRC confirm their acceptance of this program.

We have reviewed this program and find that the program meets our requirements. However, the acceptance of these doors will be predicated on our review of your report describing the successful test results scheduled to be submitted by April 1, 1984.

Sincerely,

Original signed by
