Dear Mr. Farrar:

Subject: Evaluation of Emergency Response Facilities - La Salle County Station, Units 1 and 2

Supplement 1 to NUREG -0737 sent to you by letter dated December 17, 1983, provides the NRC requirements for emergency response capability. By letter dated November 24, 1981, we forwarded to you an evaluation of the design plan for Emergency Response Facilities for La Salle County Station, Units 1 and 2. This evaluation used NUREG-0814, "Methodology for Evaluation of Emergency Response Facilities," to determine whether the conceptual design plan fulfills the overall design concepts of NUREG-0696, "Functional Criteria for Emergency Response Facilities." The purpose of this letter is to inform you that in view of the issuance of Supplement 1 to NUREG-0737, the above cited evaluation using NUREG-0814 is not applicable to your facility.

Sincerely,
