OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

Memorandum to: Chairman Charles Bechhoefer

From: Mary Sinclair

Date: September 13, 1982

During the telephone conference call on September 10, 1982, the question was raised as to whether Myron Cherry should be dropped from the service list. I had to leave the call before it was finished because of another appointment. I had not been notified of the conference call in advance.

I would prefer to keep Myron Cherry on the service list. It is essential that I maintain contact with him, even though this is on a pro bono basis, because he is still involved in some important issues that were raised at the construction license phase.

An important case in point is the U.S. District Court of Appeals decision on the S-3 Tables on August 16, 1982, and request to all parties for a reply by September 8, 1982. The only way I could get that information in order to proceed with it in the operating license stage is through his services.

When we approached the prehearing conference for the operating license, both the Government Accountability Project and the Lone Tree Council felt that we had to have the services of a lawyer to be sure that the disclosures which GAP has secured were made effective in the operating license of these proceedings. I had placed contentions on these matters into the record. GAP had prior connections with Harmon & Weiss and was able to communicate this record and their concerns with them. Therefore, it was decided that Lee Bishop of Harmon & Weiss would represent me at the prehearing conference primarily to make sure the GAP information was properly admitted. In the process, he was also able to help Barbara Stamiris with her contentions. A broad grass roots funding effort was launched by Lone Tree Council to pay for his work.

At the present time, future funding for Lee Bishop remains uncertain, but both GAP and Lone Tree Council are working on it.

Therefore, I will be preparing my own documents until that problem is resolved except for the Zack issues.

In the meantime, Lee Bishop should also be kept on the service list in the event that GAP and Lone Tree Council can secure the necessary funding in the near future.

I hope this clarifies this issue for the present.

Respectfully submitted,

Mary Sinclair
