MISCELLANEOUS TECHNICAL SPECIFICATION REVISIONS

Dear Mr. Vassallo:

In a submittal dated September 7, 1982, Carolina Power & Light Company (CP&L) requested revisions to the Technical Specifications (TS) for the Brunswick Steam Electric Plant Unit Nos. 1 and 2. Due to a reproduction error, revised TS page 3/4 3-25 for Brunswick-2 was inadvertently omitted from Attachment 8 of the distribution copies of our September 7, 1982 submittal.

To correct this, we are herewith transmitting forty (40) copies of the omitted TS page. Please include this page in your review of our September 7, 1982 request.

Should you have any questions regarding this information, please contact our staff.

Yours very truly,

S. R. Zimmerman
