Docket No. 040-00672

Dear Mr. Bell:

We are in receipt of Amendment 03 to the referenced license and have noted in License Condition 13 what may be an omission: a letter from Nuclear Metals dated May 8, 1975 (copy attached) discussed modification of our Emergency Procedures to remove reference to use of an out of plant telephone. It appears desirable to recognize this modification by some specific reference in the license.

Very truly yours,
