NOTICE OF VIOLATION

Dear Mr. Heft:

On December 3, 2019, the U.S. Nuclear Regulatory Commission (NRC) cited Halliburton Energy Services, Inc., for one or more violations involving NRC security requirements. The NRC Inspection Report 030-06392/2019-001 with enclosed Notice of Violation (Notice) required a written reply within 30 days (NRC Agencywide Documents Access and Management System (ADAMS) Accession ML19337C737). In a letter dated January 9, 2020, you provided a reply to the Notice. Your reply contains Security-Related Information withheld under 10 CFR 2.390(d)(1), and its disclosure to unauthorized individuals could present a security vulnerability. Therefore, it will not be made available electronically for public inspection in the NRC Public Document Room or from the NRC's ADAMS.

After reviewing the information provided in your reply to the Notice, we have concluded that your completed and proposed actions appear to adequately address the regulatory noncompliance(s) described in the Notice. We will review your implementation of these corrective actions during a future inspection to determine whether full compliance has been restored and whether compliance will be maintained.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedures," a copy of this letter will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's ADAMS, accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
