RE: Proposed NRC fees for Nuclear Medicine licenses
November 22, 1982 Federal Register (47F.R.52454)

Dear Senator Dixon,

As Clinical Director of the Nuclear Medicine Department of Glendale Heights Community Hospital, I am concerned about the proposed drastic increase in NRC fees for Nuclear Medicine licenses.

I pay taxes. Why are the agencies trying to be self-supporting with the fees they charge? In this way, non-profit organizations, such as the hospital I work for, can be charged this form of taxation.

I am against this proposed increase in NRC fees for Nuclear Medicine licenses. I hope that you will work towards the defeat of this proposal and that you will relay my opinion to any other people you deem appropriate.

Sincerely,

A handwritten signature in cursive script that reads "Linda J. Macek".

Linda J. Macek, NMT(ARRT)
Clinical Director of the Nuclear Medicine Department
