  2. Letter from Jeff Isakson to Document Control Desk (NRC), "Submittal of Partial Response to First RAI, Part 1, Docket 72-1050 CAC/EPID 001028/L-2017-NEW-0002," E-54257, dated May 31, 2019

Interim Storage Partners LLC hereby submits a revised response to RAI NP-15-7 from the First Request for Additional Information; Part 1 issued November 16, 2018 (Reference [1]) and originally responded to in Reference [2]. Contained in this submittal is the revised response; including revised safety analysis report (SAR) pages. In Reference [2], ISP referenced Tables in Revision 10 of the NAC-MPC Final Safety Analysis Report, dated January 2014. However, that SAR revision did not specifically address the quality classification applicable to coatings and sealants. In the enclosures to this letter, ISP has revised the WCS CISF SAR to directly include the quality categories of the coatings and sealants and revised the response to the RAI to indicate this change.
