Gentlemen:

Subject: Systematic Assessment of Licensee Performance (SALP)

The NRC Region I SALP Board conducted a review on November 8, 1982 and evaluated the performance of activities associated with the Hope Creek Generating Station, Unit 1. The results of this assessment are documented in the enclosed SALP Board Report. A meeting has been scheduled for December 7, 1982 at the site to discuss this assessment. This meeting is intended to provide a forum for candid discussions relating to this performance.

At the meeting, you should be prepared to discuss our assessment and your plans to improve performance. Any comments you may have regarding our report may be discussed at the meeting. Additionally, you may provide written comments within 20 days after the meeting.

Following our meeting and receipt of your response, the enclosed report, your response, and a summary of our findings and planned actions will be placed in the NRC Public Document Room.

Your cooperation is appreciated.

Sincerely,
