Docket No. 50-271

Vermont Yankee Nuclear Power Corporation
ATTN: Mr. Warren P. Murphy
Vice President and Manager of Operations
RD 5, Box 169
Ferry Road
Brattleboro, Vermont 05301

Gentlemen:

Subject: Filing of Copies of Changes to Emergency Plans and Procedures

This letter refers to the discussion between Mr. J. Sinclair of your staff and Ms. M. Mojta of this office on January 7, 1983 with regard to the recent amendment to 10 CFR 50.54(q). The final rule as published in 46 FR 57670 on December 28, 1982 requires the licensee to furnish one copy of changes to the emergency plan and emergency plan implementing procedures to the appropriate Regional Administrator rather than the three copies that had been required effective November 3, 1980.

Notwithstanding this, we are requesting you to continue to submit three copies to the Region or two copies to the Region with one copy being directly submitted to the Resident Inspector. Disposition of the controlled documents are: one copy each for our Incident Response Center (IRC), our Resident Inspector Office, and our Emergency Preparedness Section.

Dedicated controlled copies at the Resident Office and IRC assures better coordination during accident situations between the licensee and the offsite responding agency, in this case, NRC Region I. The working copy for the EP Section should also be a controlled copy to assure inspection against current documents.

Your cooperation with us is appreciated.

Sincerely,

ORIGINAL SIGNED BY

Thomas T. Martin, Director
Division of Engineering and
Technical Programs
