Docket No. 50-333
NRC BULLETIN 90-01, ROSEMOUNT TRANSMITTERS

- References:
1. NYPA letter, W. Fernandez to NRC, dated July 19, 1990, "Response to NRC Bulletin 90-01," (JAFF-90-0549).
 2. NRC Bulletin 90-01, "Loss of Fill-oil in Transmitters Manufactured by Rosemount."

Dear Sir:

In Attachment 1 of Reference 1, the Authority submitted a list of suspect Rosemount transmitters as requested by the NRC staff in NRC Bulletin 90-01 (Reference 2). During a discussion of our response with the NRC staff, the Authority noticed a typographical error in that list. Transmitter 10PT-101B in the "Instrument" column should be 10PT-101C. The other information relating to this instrument is correct.

If you have any questions regarding this matter, please contact Mr. J. B. Ellmers.

Very truly yours,

John C. Brons
