Dear Mr. Tomkalski:

SUBJECT: SATISFACTION OF CONFIRMATORY ACTION LETTER NO. RIII-94-004  
DATED MARCH 30, 1994

This refers to your letter dated April 28, 1994, in response to our Confirmatory Action Letter (CAL) dated March 30, 1994. The CAL confirmed that you would discontinue use of your teletherapy unit for human use until the following actions took place:

1. Provide reasonable assurance of the safety of the teletherapy unit by having the device inspected and the work associated with the timer replacement evaluated by person(s) authorized by the NRC or an Agreement State to perform servicing operations on teletherapy units.
2. Provide reasonable assurance of the safety of your teletherapy unit for non-human use by having that device inspected and the work associated with the timer replacement evaluated by person(s) authorized by the NRC units.
3. Prohibit any in-house servicing operations on either of your teletherapy units until such operations have been evaluated and approved by the NRC via license authorization.

Based on the information provided, we have determined that you have satisfied the terms of the CAL and we have no further questions at this time.

In accordance with 2.790 of the Commission's regulations, a copy of this letter will be placed in the NRC Public Document Room.
