Gentlemen:

This refers to your letter of June 26, 1981 requesting information on the regulations governing the transportation of radioactive materials.

Mr. Davis of this office discussed with you during a June 30, 1981 telephone conversation, the NRC, Department of Transportation and U.S. Postal Service requirements for transfer and shipment of radioactive material. We understand your questions in this area were answered to your satisfaction during this conversation.

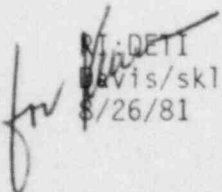

If further information is required, please do not hesitate to contact Mr. J. Davis (215-337-5250) or myself (215-337-5252).

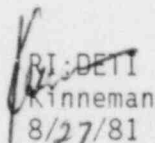

Sincerely,

John D. Kinneman, Chief
