Docket No. 50-364

Director, Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

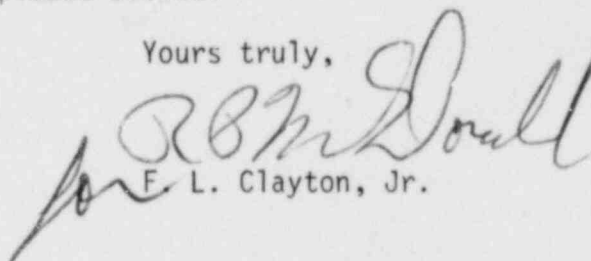

Attention: Mr. B. J. Youngblood

Dear Sir:

As required in the Alabama Power Company Full Power Operating License No. NPF-8 section 2.C.(9)(a), Alabama Power Company submits the attached results for the seven augmented low power tests. A review of the report will indicate that the test results were generally as predicated by the test procedures. In no case were operation safety criteria exceeded and all test parameters remained within safety margins.

If you have any questions, please advise.

Yours truly,

F. L. Clayton, Jr.
