The above information is requested as part of research I am performing for elected public officials so that they may better assess the possible public health hazards to their constituents. Because this research is being performed for the public at large through their elected representatives, I hereby request that any charges for document search and duplication be waived.

In the event that these charges are not waived, I request that the reason for this decision be detailed to me in writing. In this case I request further to see the documents requested, rather than having copies made. If any expense in excess of \$25 is incurred in connection with this request please inform me in advance for my approval.

If it is determined that some portion of the above documents are exempt from said release, I request that you provide me with the remainder of said document(s). I hereby reserve my right to appeal any such decisions.

It is my understanding that you will be able to respond to my request within 10 days. I look forward to the receipt of the above information. Should you wish to discuss this matter further my telephone number is (408) 429-2784 at my office.
