RE: Docket No. 40-8602
Source Material License No. SUA-1356

Dear Mr. Pettengill:

Enclosed herewith is a draft copy dated September 1, 1981 of the request for transfer of Source Material License No. SUA-1356 from UNC Mining and Milling Services, Inc. to Silver King Mines, Inc. as per our discussions on August 25, 1981.

Please review and advise if this request for transfer is acceptable to the Nuclear Regulatory Commission.

Thank you for your consideration.

Very truly yours,

P. A. Crowell

RE: Docket No. 40-8602
Source Material License No. SUA-1356

Dear Mr. Pettengill:

The Tennessee Valley Authority awarded on July 15, 1981 the permanent operator contract for the TVA Morton Ranch Uranium Project to Silver King Mines, Inc. of Salt Lake City, Utah.

As part of the transition of operations from UNC Mining and Milling Services, Inc. to Silver King Mines, Inc., UNC hereby requests the U.S. Nuclear Regulatory Commission to transfer Source Material License No. SUA-1356 to Silver King Mines, Inc. on October 1, 1981.

Silver King Mines, Inc. has received copies of the Source Material License No. SUA-1356, has told us that they agree to the conditions of the license, and will retain the key operating personnel who prepared the license application, and amendments, and established the preoperational monitoring program.

~~UNC~~ also requests that United Nuclear Corporation and UNC Mining and Milling Services, Inc., its wholly owned subsidiary, be relieved of any and all liability which may be associated with the Source Material License No. SUA-1356 from the time of its issuance to the time it is transferred to Silver King Mines, Inc. Your favorable consideration of this request for the transfer of the Source Material No. SUA-1356 to Silver King Mines, Inc. will aid in the transition of operations and

UNC

allow Silver King Mines, Inc. to proceed as permanent operator of TVA's
Morton Ranch Uranium Project.

Very truly yours,
