Reference: Docket No. 50-285

Dear Mr. Hackney:

The Commission's letter dated June 19, 1981 requested information from the District concerning logistic support for upgrading the Emergency Notification System (ENS). The District's response dated July 30, 1981 stated in the first sentence of the last paragraph of page 2, "The EOF Room No. 11 station will be moved to the new Emergency Operations Facility to be installed April 1982." The stated April 1982 relocation date is incorrect and should be changed to October 1982, as the new Emergency Operations Facility will not be ready for full operation until October 1982, consistent with the schedule identified in NUREG-0737.

Sincerely,

W. C. Jones
Division Manager
