Docket No. 50/395  
Radiation Emergency Plan-Revision 5

Reference: NUREG-0717, Supplement 2  
1.6.11

Dear Mr. Denton:

South Carolina Electric and Gas Company, acting for itself and as agent for South Carolina Public Service Authority, submits ten (10) copies of Revision 5 to the Radiation Emergency Plan.

Revision 5 to the Radiation Emergency Plan will resolve the meteorological and dose assessment capability item mentioned in Section 3.0 of Appendix A to NUREG-0717, Supplement 2 (Safety Evaluation Report for Summer Station). Since the two remaining issues mentioned in Section 3.0 have scheduled completion dates in mid-1982, this revision should complete the open items on the emergency plan necessary for licensing.

If you have any questions, please let us know.

Very truly yours

*T. C. Nichols, Jr.*
