RE: SUA-1371, DOCKET No. 40-8698, INTERIM ENVIRONMENTAL MONITORING PROGRAM
FOR SHOOTARING CANYON PROCESSING FACILITY

Dear Mr. Scarano:

Pursuant to the June 25, 1981 meeting with Nuclear Regulatory Commission staff members, John Linehan and Roy Person, Plateau Resources Limited is submitting a proposed Interim Environmental Monitoring Program.

The interim monitoring program is intended for use until such time that full operation of the facility begins. It reflects a modification of the monitoring programs established in U. S. NRC Regulatory Guide 4.14, Revision 1, "Radiological Effluent and Environmental Monitoring at Uranium Mills."

Data generated from the interim monitoring program will be sufficient for compliance with reporting requirements, i.e., 10 CFR 40.65.

If you require further information or have any questions, please contact me.

Sincerely,

U. K. Gupta
Process Manager
