LICENSEE'S PROGRESS REPORT
REGARDING DISCOVERY ACTIVITIES

In its October 13, 1981 "Memorandum and Order Concerning The Admission of A Party and Its Contentions ("Memorandum and Order Concerning Admission"), the Licensing Board directed all parties to file bi-monthly progress reports on discovery activities, on the last working day preceding the 22nd of each month and on the last working day preceding the 7th of each month. "Licensee's Interrogatories and Request For Production of Documents To Intervenor Decade Relative To Sleeving Demonstration Program" were filed October 20, 1981. Licensee seeks, through these interrogatories and document requests, specific information related to the issues raised by Decade in its Contentions 3, 4, 5 and 7, as admitted at page 6 of the "Memorandum and Order Concerning Admission," as well as to any other issues which Decade timely raises, as those issues relate to interim operation of Point Beach Unit 1 with up to six steam generator tubes sleeved rather than plugged. As counsel for Licensee explained in the October 20, 1981 Special Prehearing Conference Call, those discovery requests supplement the information which the Board,

in its October 15, 1981 "Memorandum and Order Setting Agenda and Rules for October 29-30 Hearing," directed the parties to exchange. See Tr. 184-188.

Licensee intends to seek discovery which is not limited to the demonstration program after the hearing to be convened on October 29, 1981.

Respectfully submitted,
